Fourth Annual Chesed 24/7 Night of the Stars

On Sunday night, January 29 and Monday night, January 30, Monsey's Chesed 24/7 held their fourth annual Night of the Stars.

"Season of Change," the original musical drama, is the only live performance of song and strength, dance, drama and courage by the individuals of Chesed

24/7. Both performances took place at the Cultural Arts Theater in Rockland Community College in Suffern.

The enchanting performance was designed to change the way we view others. It was also a magical two nights experienced by all those participating as they took in all that there was to experience: dance, choir and drama all performed by the special needs individuals of Chesed 24/7.

Mrs. Miriam Lapides, a noted Monsey *mechaneches* and renowned guest speaker served as emcee for the evening.
