And the winner is...

Talmidim were challenged to answer the question "What do the words *Hamelech* have to do with Rosh Hashana?". With much enthusiasm and excitement the *talmidim* tried finding the answer. And the winner is... Eli Fleischer!

Mazal Tov to YDN's founding Dean, Rabbi and Mrs. Yakov Horowitz on the engagement of their daughter!

Mazal Tov to YDN's *Limudei Kodesh* Principal, Rabbi and Mrs. Yosef Rawicki, on the birth of a son and a granddaughter!

A Good *Siman*

As a preparation to Rosh Hashana PreLa kinderlach had a mock Rosh Hashana *seuda* with real (fake?) carrots, fish head and more *simanim*. See Dovid Elhyani and Dovi Leff sampling from the *simanim*.

Rabbi Myski's first graders also had a mini Rosh Hashana *seuda* in class, with real

heads of fish and lamb (rosh keves).

Seventh Graders *Shteiging*...

Gemara learning is well under way in the seventh grade.

Using some bricks and plastic animals, 7B *rebbe*, Rabbi Prupas, was able to show his *talmidim* clearly the way the *eirubin* should be built!

7A *rebbe*, Rabbi Schuster, showing his class the way the *eirubin* should be built using YDN's building.

And CHOLENT!

Rabbi Prupas, 7B's *rebbe*, treated his *talmidim* to a *cholent* bash to celebrate the huge accomplishment of 100% testing on all the *Gemara*! Some boys went for thirds, with fair warning to parents by Rabbi Prupas that the *talmidim* may be too full to eat on Shabbos!

Parental Pride!

Gut Yar again,

I'm not sure who to send this email to so please feel free to forward.

I just wanted to let you know that Mrs. Aimee Kirshblum is excellent. She has been working closely with us to help ensure our son is safe (with severe allergies). We very much value her being on top of everything and educating teachers, students and everyone who could come into contact with our son. We really appreciate it!
