### Nachas Notes

A Phone call received by the YDN office:

“I was in Monsey last week, visiting my mother who is sick and can't communicate anymore. I went to Evergreen afterward and a little boy said רפואה שלימה because I was wearing a foot brace because I hurt my foot.

It was a hard day for me and it was so nice to see this kind of kid out there. It really touched me. When I left I asked for his name he said Mashe Nerman. I told him I'll call the school and tell them what a wonderful thing he did!”

Just wanted to take a moment to share a nice story that happened this week. R Peikes noticed our son's Tzitzis had become posul, he drove to the store, bought him a new pair and returned to school, he told our son to check his car for something. Mashe was surprised and so moved that Rebbe took the time and effort to do something like that for him. We feel so privileged to have such caring, devoted Rebbeim in Darchei Noam

### Third Graders Go Bowling!

Wow! Rabbi Biller's third graders had the most amazing siyum with bowling and then had a pizza party, with fries and soda, in honor of finishing Mishnayos, Perek Vuv of Parshas Vayeishev! They also celebrated a very successful יוסף מכירת play! At 10:45 they left yeshiva and arrived at "New City Bowl" 15 minutes later. The boys changed into bowling shoes and began playing. Rabbi Biller was amazed at how well the boys played: scoring many spares and strikes!

After playing for 45 minutes, all talmidim sat down to a yummy pizza and fries party sponsored by Mr. Monczyk. Thank you!

Ahhh! How geshmak it was to listen to our boys when they recited משניות by heart and sang many beautiful songs. Onlookers and spectators, were amazed at how nicely they behaved and sang! Throughout the whole event, the Talmidim made a Kiddush Hashem with their beautiful behavior and middos! After thanking the staff, they returned to Yeshiva in great spirits, with sweet memories!

Thank you to Mrs. Grant, Joseph, Mause and Monczyk, for giving of their precious time to transport the boys.

## Make Your Day Count!

Snow...

Ice, sleet, hail...

And Conference calls!

Eighth grade parents got an email early Tuesday morning with the conference call instructions. 10:30 am on the button, 14 eighth graders were on the line. With Rabbi Peikes leading, they learned two *Tosfos* on *Gemara Makkos* together, in an interactive manner for forty five wholesome minutes, giving new meaning to the word "snow day"!

Rabbi Plotzker's sixth graders, never ones to be left out, joined a conference call with their *Rebbe*. Twenty one participants in the call with over eight hundred sixty two minutes of *geshmake* learning for the entire class combined, resulted in a day well spent, instead of a day wasted!

Keep on making us proud!!!

## Before and After

The end of *Parshas Shelach* discusses the mitzvah of *tzitzis*. As part of hands on learning, the sixth graders learned many of the *halochos* and ideas behind this special mitzvah and then made their own *tzitzis*!!

Rabbi Rawicki came in and taught Avi Zisman how to make *tzitzis* according to *Minhag Chabad*. The class was so

proud of their accomplishments!
