Kriah K'nockers

The importance of consistent, daily *kriah* practice, especially in grades P1-A – 3 is a known crucial step in ensuring *kriah* fluency. Fluency is closely associated with the success of a *talmid* in his school experience and beyond. To ensure that *בסייעתא דשמיא* YDN *talmidim* return to *yeshiva* following the summer break with accuracy and fluency in their *kriah* skills, Darchei Noam instituted the *Kriah Knockers* Program. All participants received a friendly ten week, a page a day, *kriah* booklet. They were able to take advantage of the members/parents only hotline for any questions they have regarding the program and they received periodical reminder emails to ensure success. Upon returning to *yeshiva*, members proudly brought their completed chart back, where their prizes awaited them... See Rabbi Myski's *talmidim* proud of their accomplishments, displaying their prizes.

Rebbeim who want to earn a PHD should know it's super simple...
