We look forward to greeting you!

Siyum Celebration

Congratulations to Rabbi Robinson's fifth grade. The class finished *Masechet Rosh Hashanah* this past week. In honor of the momentous occasion, the class held a *siyum* at "Screamin' Parties." Most impressive was the *Kiddush Hashem* the *talmidim* made by behaving with complete *derech erez* while on this trip.

Chanukah is in the Air

Clearly, *Chanukah* is in the air at Yeshiva Ketana Ohr Reuven. All it takes is one look at the colorful bulletins all over. This is a dazzling *menorah* project that the kindergarten boys displayed in the classroom. Pictured: Uriel Hamerman proudly shows his colorful project to Morah Faigy Biller.

What's the Matter?

Mrs. Stein's fourth graders learned the astounding fact that matter is all around us. The students used the Scientific Method to experiment with different states of matter, exploring the property of each and combining different substances to create physical and chemical changes. The conclusion: Science is not only fun but delicious as well.

Middle School Updates

Sixth graders are learning about the engineering feats of Ancient Egypt, doing research, writing essays, and watching videos on how pyramids and other structures were built.

Seventh graders are researching and writing about the role of political cartoons and pamphlets in inspiring colonists to rebel against England.

Eighth graders are learning about the events that led to the end of the Civil War and discussed whether Robert E. Lee and other Confederate heroes should have statues in their honor in American cities.

Kindergarten boys served the 3rd graders scrumptious cupcakes in honor of them finishing a *Mishna*, and on their part, doing *chesed*, the *middah* they learned. Pictured: Kopstick brothers, Avrumi in 3rd and Eliyahu Meir in Kindergarten
