Five Star Review of the Third Grade's *Mechiras Yosef* Production

The much anticipated *Mechiras Yosef* Production presented by Rabbi Biller's third graders was performed before an eager audience made up of YKOR's kindergarten through 2nd graders. The spectators thoroughly enjoyed the experience as they sat spellbound from the opening scene until the superbly executed conclusion.

Through the course of the play, the impressive actors managed to run through the entire spectrum of emotions. At times, the characters were funny, moving, sad, happy and most importantly uplifting and inspiring. The boys acted with CLASS the acronym for Clear, Loud, And Super Slow. Rabbi Biller *shepped* plenty of *nachas* after over a month's preparation paid off so well.

The boys will return to the stage when they present an encore performance to parents and grandparents

on
Sun-
day,
April
15.

Learning Hands On

Rabbi Lowy's fourth graders learned about a משנה ה' in מחלוקת between תי"ק and אליעזר. The מחלוקת dealt with whether the Cohen Gadol walks from corner to corner when smearing the blood of the פר and the שעיר, as well as if he smears in a downward or upward motion. Pictured: Aryeh Mayerfeld and Gavriel Perlman (L-R) demonstrating the מחלוקת.

Middle School Updates

6th graders are hard at work researching topics on Ancient Greece and Ancient Rome. In class we are exploring how these governments were foundations for our modern democracy. In 7th grade, we are studying the U.S. Constitution and how it connects to current events including the debate about gun control.

Siyum Celebration

Mrs. Nadav's pre 1A boys were treated to a much deserved ice cream *siyum* in honor of having finished *Parshas Shemos*. In case just having ice cream wasn't enough, a large variety of toppings

were made available for each student to choose from to add to the celebration.

Enthusiastic Learners

This past week, Rabbi Prupas's seventh grade *talmidim* took yet another test on *Hachovel*. On Tuesday, the boys who had been tested on 35 out of the 35 pieces in *Hachovel* were treated to pizza and soda. Their extra work in this area is really paying off in huge dividends that extend beyond a single slice of pizza and soda as their fluency in *Gemarah kria* has noticeably improved. The seventh grade has already started their fourth *blatt* in *Hachovel*.
