Dear Parents/Guardians,

As of September 1, 2008 there will be new legislation from New York State regarding Dental Health Certificates. We will now be requesting that each student in grades Pre-1-A, 2, 4, and 7, along with all new entrants, provide a dental certificate. These grade levels are the same grades in which physicals are mandated. (Please note: This is a request, not a mandate). Please ask your Dentist to fill out the form and return it. Thank you.

The Nurses of Ramapo Central School District.
