Practicing safrus and learning about tefillin with Rabbi Shonek

Rabbi Kohn's 6th grade on a trip to Artsroll

## OF THE MANY PARENT FEEDBACK NOTES...

Thank you for providing my son with so much opportunity and guidance for growth this year in a variety of ways including in limudei kodesh, his confidence and assuredness and growing and developing into a really mature young man at the cusp of his bar mitzvah

We notice how much thought you put into everything you do, how you consider every aspect of each thing, how you constantly have each boy in mind and are always coming up with innovate ways to interest them. You've taken them from just learning skills to being completely enthralled by the learning. You've made it interesting, and they're completely hooked. It's truly in your merit that these boys have become real learners. And when they choose to do it on their own..... that's all the proof you need.

The kesher that my son has with you, I don't even know how to put my gratitude into words. I know that he shared so much of his life, both his school life and home life, with you. He told me some of the things you said that brought him peace. Thank you, genuinely and deeply.

Thank you so much for giving my son such an amazing year! He learned so much and loved Yeshiva! Thanks for playing top trumps and other games with him... he was always busy finding games that "Rebbi" would like!

I just wanted to say thank you for the wonderful work you did with my son this year. He grew so much in Ruchnius and Hashkafa and my wife and I feel it is in the Rebbe's zechus. We feel you are the perfect introduction to a life of Torah and mitzvos for the first grade boys. Your warmth and caring is exactly what they need. Wishing you a restful and enjoyable summer and looking forward to another amazing year be"H.

The rebbeim, literally saved him. He started to love learning, doing it for the sake of that love alone. What more could a parent ask for? Well, we didn't realize that there WAS even more to ask for!

Thank you for an amazing year. Your attention to every detail about every kid is amazing. Thank you for all your concerns and insights into our son. Your hands-on method of teaching is also amazing and our son was so lucky to have you as Rebbi and to continue with a Rebbi for life.

Rebbi thank you so much for an amazing year! What a bracha that my son was able to have you as a rebbi! Your warmth, caring and patience with him was so special to see and all the Torah growth that he had this year is because of your amazing teaching!

We wanted to thank you so much for everything you put into my son this year! B"H he grew and learned a tremendous amount and we are so grateful! We are blown away by your attention to detail and dedication!

My son really shteiged and loved every minute of yeshiva. This is all due to you and your hard work that you put in. You really brought the learning in the classroom to life. There are just too many things too mention... The boys will have great memories for years to come and take this all with them throughout their yeshiva years.

## Nursery & Kindergarten Admissions for the Ohr Reuven Family

Dear Yeshivas Ohr Reuven Staff, Parents and Alumni,

We are pleased to inform you that YKOR will be expanding our Preschool program by opening a Nursery class for the 2024-2025 school year. Admissions is now open for Ohr Reuven families for both Nursery and Kindergarten.
